18.8 Population-level benefits and harms of increasing e-cigarette use

Last updated December 2024

Research:	2
18.8.1 Modelling of net impact of use of e-cigarettes on smoking prevalence and tobacco- related disease	40
18.8.2 The renormalisation of smoking	44
18.8.3 Potential to re-involve the tobacco industry in public health policy	46
