

# Tobacco in Australia

## Facts & Issues

### Relevant news and research

#### 3.2 Respiratory diseases (excluding lung cancer)

*Last updated December 2024*

Research:	3
3.2 Respiratory diseases (excluding lung cancer)	3
3.2.1 Damage to the lungs caused by smoking	19
3.2.1.1 Impairment of pulmonary immune and protective responses	23
3.2.1.2 Damage to lung function	26
3.2.2 Smoking and respiratory symptoms	36
3.2.3 The effect of smoking on acute respiratory infections	37
3.2.4 Major chronic respiratory conditions caused by smoking	37
3.2.4.1 Chronic Obstructive Pulmonary Disease (COPD)	39
3.2.4.2 Chronic bronchitis	105
3.2.5 Other respiratory conditions related to smoking	107
3.2.5.1 Asthma	111
3.2.5.2 Interstitial lung disease (IDL)	120
3.2.5.3 Pulmonary histiocytosis X (Pulmonary Langerhan’s Cell Histiocytosis)	124
