4.17 Health effects of second hand smoke for infants and children

Last updated December 2024

Research:.....	2
4.17.1 Infant death	7
4.17.2 Sudden infant death syndrome (SIDS)	8
4.17.3 Childhood asthma and other chronic respiratory symptoms	8
4.17.4 Acute lower respiratory tract infections in infancy and early childhood	18
4.17.5 Decreased lung function	21
4.17.6 Middle ear disease	22
4.17.8 Longer term developmental effects	22
4.17.9 Childhood cancers.....	26
4.17.10 Perioperative complications	27
4.17.11 Other conditions in childhood	28
4.17.12 Mortality risk.....	41
News reports:.....	41
4.17.1 Infant death	42
4.17.3 Childhood asthma and other chronic respiratory symptoms.....	42
4.17.4 Acute lower respiratory tract infections in infancy and early childhood	43
4.17.5 Decreased lung function	43
4.17.8 Longer term developmental effects	43
